TALK OF THE TOWN

Wait for Shea's big sale.—adv.
A nice selection of matrons' hats.
Mrs. Birnie, 4 Laurel street.—adv.
Mrs. Robert Stewart and child of
Patterson street left yesterday after-
noon for a brief visit with relatives in
Montreal.

H. A. Holt moved his family to-day
from Williamstown to the Miles block,
where they will make their home dur-
ing the winter months.

Miss Ina Deens of Brook street be-
gan her duties in the Eureka restau-
rant yesterday evening at the home of
the place of Miss MacAuley.

A team managed by G. Tomasi and
another managed by A. Tomasi met
last night on the Goddard campus in
an hour's battle which resulted in a
tie, 6 to 6.

Miss Abar, a second-class painter on
the U. S. S. Kaiser August Victoria,
recently discharged from the service,
is visiting at the home of his aunt,
Mrs. E. H. Jones of Brooklyn street.

Mr. and Mrs. Richard Hoar of 21
East street have received word from
their son, Richard, stating that he is
now at Camp Dix, N. J., having arrived
at Hoboken, N. J., on the transport
Edylan on Oct. 29. His parents are
expecting him to arrive home to-night.

About 40 friends and relatives from
East Barre, Grantville and Barre
gathered Saturday evening at the home
of Mr. and Mrs. Oscar Smith of North
Seminary street to celebrate the 22d
anniversary of the birth of Bernice
Smith, son of Mr. and Mrs. Oscar
Smith. The party was given in the
form of a surprise. The rooms of the
house were tastefully decorated in crepe
paper, the reception room being de-
corated in orange and green, while the
dining room was decorated in red, white
and blue. The evening was joyfully
passed in playing games, dancing and
singing.

Mr. Smith was presented, by
James Whitmore, in behalf of the
friends, a large round oak dining table.
Mr. Smith responded with appreciative
remarks. Refreshments of ice
cream, cake, coffee and wafers were
served. After passing a long evening
in merrymaking in honor of Mr.
Smith's birthday, the party broke up
at about midnight, leaving their best
wishes with the guest of honor.

Every man of the Goddard football
squad will don the mole skins this af-
ternoon and work out, as Coach Leahy
starts his final drive for the stiff Dart-
mouth seconds which the Goddard team
will meet Nov. 11. They are also get-
ting in trim for the Norwich university
seconds and the Rutland A. A., the
teams they will meet in the near fu-
ture. Frank Wood, the star tackle of
the team, who was injured in the game
with Fort Ethan Allen a few weeks
ago, will not appear again this season
for the red and white. The team will
be much handicapped by the loss of
Wood, who has played a star game all
season. Coach Leahy has worked to
develop a star tackle from Keller and
Sector. Both are showing fine form.
McMahon has been playing a fine game
at center this season. A Thompson
has developed one of the best
tackles ever to wear the Goddard uni-
form. Thompson has missed only one
goal in the whole season. Coach Leahy
will send the men through strenuous
workouts during this week.

The town of Berlin has purchased the
Pescody property in Orange, which
consists of a house, barn and three
acres of land, from Attorney A. A.
Sargent for the benefit of the state-
known scissoring grinders, Everett Hood
and his family. Last week the little
wooden abode in Orange which had
been used for the past year and a half
was burned to the ground and every-
thing which they owned went with
the little wooden shack. In fact, only
timely action by the scissoring men
prevented his two children from being
burned to death. It will be remem-
bered by many that Mr. Hood in 1912
made a 1,200-mile trip to get his wife
then a gypsy girl, 19 years of age, by
name, Mary Louise Blake. She is now
26 years of age and the mother of four
living children, one other having
been run over by a train between Barre
and Montpelier two years ago. The
two oldest children, Edwina Marie Rose
Winnie, age six, and Everett George
William Anthony, age five, are being
cared for in the orphanage in Burling-
ton. This family for three years in a
little house cart. The scissoring men
are endeavoring to make for them a
permanent home and have purchased
this property.

Additional tailor shops with in-
creased facilities. Our service machin-
ery is not satisfied to merely remain
ahead of the procession, but is con-
stantly increasing its lead with new
improvements. Thanking your deliv-
eries will be on time. F. A. Hutchinson,
over Ladd's store.

Mr. and Mrs. Arthur Holt and son,
Burton, have moved to North Mont-
pelier to reside. Mr. Holt for many
years has been employed by W. G.
Reynolds. Saturday he finished work
there and is now employed by the
Little Woolen Mills company as a gen-
eral worker. Mrs. Holt will manage
the Little woolen mills boarding house.
Until last Friday Burton, their son,
who was cheer leader at Spaulding,
attended high school but concluded his
studies there to go with his parents.
Next fall he intends to pursue the com-
mercial course at the Albany Business
college.

Employees and employers at Marr &
Gordon's presented last Saturday morn-
ing at 11 o'clock a costly gold watch
and chain to Arthur A. Gordon as a
token of esteem and remembrance. Mr.
Gordon concluded his duties there Sat-
urday after being affiliated with the
company for the past 10 years or more,
serving most of that time as a foreman.
He is leaving the granite industry en-
tirely and expects to leave for Okla-
homa and the oil fields within the next
two weeks. His definite location there
is not yet known. Mrs. Gordon, his
wife, intends to remain in this city for
the present.

stores your health, makes you happy

MONTPELIER

Mrs. Ellen Severance Died Monday
Afternoon After Six Months' Illness.

Mrs. Ellen Severance, who had lived
since last July with her nephew, John
M. Avery, at his home in Berlin, died
Monday afternoon following about six
months' illness of organic heart disease.
She was a native of Middlebury, a
daughter of Mr. and Mrs. Silas Per-
kins, born Nov. 15, 1840. Her husband,
the late Edgar C. Severance, who died
last winter, was a prominent farmer
in that town as well as a leader in the
Republican party. She took an active
part in the Methodist church in Mid-
dlebury, of which she was a member.
The funeral will take place from her
late home at 2 o'clock Wednesday af-
ternoon. She will be taken to Mid-
dlebury for the funeral. Burial will be
beside her late husband in a cemetery
in that town.

As far as could be learned this morn-
ing, the Central Vermont railway had
seized no soft coal that was consigned
to the dealers in Montpelier, as has
taken place in Burlington, where four
cars were seized last week. There is
but little soft coal handled through the
local dealers in Montpelier, as com-
pared with some other places in the
state, most of those using soft coal
buying direct instead of through the
dealers here.

BEGINS ATTACK ON H. C. OF L.
Executive Officers of National Poultry,
Butter and Eggs' Assn. at Work.

Chicago, Nov. 4.—Executive officers
of the National Poultry, Butter and
Egg association, representing more
than 1200 produce dealers throughout
the east and middle west, began a cam-
paign to help lower prices to the con-
sumer. Elimination of the vast waste
of breaking and ripening, it was stated
at the meeting of the officers here last
night, will enable the wholesale men
materially to reduce prices.
Standardization of shipping methods
and mechanics also will permit deal-
ers to cut down their overhead and
less by deterioration and reduce the
cost to the consumer.

FRENCH PEOPLE ALARMED.
Over the Shortage of Coal and Early
Coming of Winter.

Paris, Nov. 4. (Havas).—The coal
shortage has become more critical with
the last few days on account of the
snow and intense cold. The newspapers
insist that measures be taken without
delay to meet the crisis.
Louis Loucheur, minister of recon-
struction, in an interview with the
Paris Press, attributes the shortage
to reduction of the world output, fur-
ther diminished by strikes throughout
the world, but he expressed the belief
that the situation would improve with
enforcement of the peace treaty.

SEEK FEDERAL AID TO PROTECT BEES

New Hampshire Beekeepers Will Try
to Obtain Sugar to Carry the Bee
Colonies Through the Winter.

Durham, N. H., Nov. 4.—New Hamp-
shire beekeepers will seek the aid of
the federal food administration and
the state department of agriculture in
obtaining sugar for their apiaries. Pro-
fessor W. H. Wolf, secretary of the
beekeepers' association, announced to-
day. Reports from all parts of the
state indicate that thousands of bee
colonies were unable to provide suffi-
cient honey for themselves to last
through the winter.

Professor Wolf said the dry season
throughout July and August was respon-
sible for the honey shortage. The bee-
keepers have been requested to meet at
Milford to-morrow to report
